

Munay Ki ~ The Lineage Rites of the Incas

Welcome to the next step in our evolution as human beings

7th to 9th February 2025, Woodend, Shrawley, Worcester. WR6 6TQ

The Munay Ki are a legacy that we inherit from the Andean and Inca peoples. They have held these ancient rites in trust for us for hundreds of years. Waiting for this time when the world as they see it, turns over and begins a new cycle of light. The time when we “come to see ourselves again as who we really can be” ~ the “Taripay Pacha.”

If you have joined any of my online workshops and ceremonies, such as a “Week of Ceremony” or any of my “in person” workshops and training, including, “the Medicine Wheel” programme, Chumpi Khuya, “Raising Your Vibration ~ and keeping it there!” or perhaps you have enjoyed some of my workshops at Summer Festivals in the UK, then you will love

the addition of these beautiful healing and empowering rites to your personal healing journey and the whole weekend experience on offer to you. If you have yet to experience this work in any form then you are in for a delight.

When the world “turned over” the last time and we entered the time of winter and dark, when new peoples came across the seas to the land of the Inca peoples, the Inca saw the signs that told them change was coming and to preserve their teachings, traditions and healing practices for the generations to come, they retreated to the sanctuary of the mountains and the high plateaus.

The time we have been waiting for, they say, is now. And the people we have been waiting for, are you and me.

Just like ourselves, the evolutionary rites of the Munay Ki are evolving too. The originators of the “Munay Ki” who created this format in cooperation with Qero elders, have begun to add the next generation of rites, including the “Womb Rite,” to address the needs they perceive of people receiving them at this time.

Our weekend together will focus on the first 9 rites of the Munay Ki.

The Munay Ki comprise, originally, 9 rites or “carpi.” 5 of these are the energetic empowerments, traditional lineage rites of the Q'ero Shaman and the remaining 4, the first 4, are the foundation rites drawn from Andean traditions to enable us to receive, embody and work with these 5 lineage rites. In the past these rites were given over many years by people living in connection with the land and the mountains, the living presence of nature every day.

Brought together as the 9 rites of the Munay Ki they are a balancing, healing and transforming initiation that we all benefit from. They help us to bring balance to our past so that past experiences no longer dictate our future, and help us to align with a way of living and being that exceeds our imagining. Opening up new possibilities however we live or walk the earth.

These rites are:

The Healers Rite ~ Hampe Carpi
The Seers Rite ~ Kawak Carpi
Bands of Power
Harmony Rite ~ Ayni Carpi
Day Keepers Rite ~ Pampamesayok Carpi
Wisdom Keepers Rite ~ Altomesayok Carpi
Earth Keepers Rite ~ Kurak Akouyak Carpi
Star Keepers Rite ~ Mosoq Carpi
Creators Rite ~ Titanjis Carpi

During our weekend together you will receive all 9 rites and learn how to pass them to other people.

For thousands of years the Seers, Shaman, holy men and women of South America have shared a prophesy that the time will come when the people of the Condor and the people of the Eagle will fly together again.

It is said that once all people were one and lived together until there came a time of separation. The people of the Eagle went on to develop science and acquire great knowledge. This science and intellect has allowed their leaders to accumulate great wealth. The people of the Condor had highly developed intuitive senses and were attuned to nature. They are people of the heart and have always been able to experience their connection to the land and the seasons and cycles of life, death and renewal.

At this time, we can see how the people of the Eagle seek to return to connect with the earth, with the Pachamama, and with natural ways of living in harmony. And how the people of the Condor, who have held these traditions as gifts for hundreds of years, are opening their arms and hearts to share these gifts with us once again. As we move forward through these times the peoples of the Condor and the Eagle need to know each other's ways and become one once again.

The rites of the "Munay Ki" are rites of passage and personal empowerment that support us in these times of transition.

Inca prophecy says that the age of Pachacutti began around 2012, at the same time the Mayan calendar turned over. As all 'Time and Space' turn over everything is 'loosened' and our hold on old structures and patterns has the opportunity to dissolve so that we can easily evolve and reform ourselves, evolving into the new version of humanity that will take us successfully into the age ahead of us.

The Munay Ki support us to do this, to evolve massively but sweetly, without chaos or revolution as has been the past pattern of change. They are, in fact, the catalyst for our change and the material resources to manifest change in our lives.

The Munay Ki help us to create a different foundation in our lives so that we can balance our relationship with all that is around us with all that is within us. Balancing and connecting all our inner and outer polarities. Enabling a dialogue with our inner and outer masculine and feminine is one way of seeing this. As the rites take us forward on our "Soul's" journeys we download new energetic templates and codes that inform our luminous energy field, and our physical body also. Transforming us into the next evolutionary stage of human beings which is being thought of, even now, as Homo Luminous. We begin to age differently, to look younger. Our relationship with death and disease changes as we no longer need to age or embody sickness for the reasons we have done so in the past.

These 9 rites are gifts to us from the lineage of the people of the Condor. They support us in real ways in our lives and our personal journeys.

During the programme as you receive all 9 rites you learn also how to pass them to other people so that by the end of our weekend together you will have everything that you need to run your own Munay Ki class and share the rites with other people too, as you wish.

The full price for the weekend, (including refreshments and lunch each day) is just £345 per person.

I look forward to our sharing these beautiful rites together and taking them out further into the world.
